**Notice of Past Violation**

Re: HWC 02-024; Bridgestone Firestone, Amherst Street, Nashua, NH ("Site")

Dear Mr. Chait:

The New Hampshire Department of Environmental Services, Waste Management Division ("DES") has documented violations of the New Hampshire hazardous waste rules relative to improper management of hazardous waste (used oil) that has subsequently been corrected by Bridgestone Firestone ("Bridgestone"). This Notice of Past Violation is to inform Bridgestone that the referenced violations are on file at DES. No further action related to the violations documented in this Notice of Past Violation is required.

This notice is being sent to inform Bridgestone of the violations to help Bridgestone prevent similar violations in the future. Enclosed is a summary that lists the past violations. The corrective action taken consisted of Bridgestone obtaining a New Hampshire Registered Hazardous Waste Transporter to transport used oil from Bridgestone to an authorized facility.

DES recognizes that a great majority of the regulated community wants to prevent pollution and to comply with environmental laws. Bridgestone's efforts to correct the referenced violations is appreciated.

A current copy of the New Hampshire Hazardous Waste Rules can be obtained from DES's website at <http://www.des.state.nh.us/rules/hwrules.pdf>, or by contacting the Public Information and Permitting Section at (603) 271-2975. A current copy of the New Hampshire Hazardous Waste Statute can be obtained from the State of New Hampshire's website at <http://gencourt.state.nh.us/ras/html/indexes/147-A.html>.

If you or your staff have any questions regarding this matter, please feel free to contact Tammy Calligandes at (603) 271-3899.

Sincerely,

**COPY**
